

Sacred Heart Catholic High School

Curriculum Enhancement

Spring Term 2025

Curriculum Enhancement

This programme shows you the range of activities in which you can take part at Sacred Heart Catholic High School.

The activities are scheduled for lunchtimes, after school and in some cases during school holidays. School visits are normally planned during term time.

If you take part, you can:

- Consolidate subject matter for exams
- Learn new skills or improve existing ones
- Take responsibility
- Represent the school
- Explore and develop your talents

It is important for you to show that in addition to good examination results you are prepared to take up your place in society. This booklet details your opportunities to become involved in a variety of activities.

If you have any further ideas for suitable activities, which are not in this programme please speak to Mrs A P Kirkup (Curriculum Enhancement) in the Learning Centre.

Make the most of your time at Sacred Heart Catholic High School and have fun!

Breakfast Revision Clubs and Lunchtime Clubs

Robotics Stem Club – Students to compete in a National VEX Robotics Competition in teams.	Year 9/10	Lunchtime and After School	Tech 1	October 2024

ENGLISH

ENGLISH - LitSoc

JUNIOR LitSoc

Junior LitSoc runs each year. It is comprised of Year 11 students who have been selected by their GCSE teachers as showing a particular aptitude for the subject, which we hope will then translate into taking A Level Literature or Language. It runs every Monday lunchtime and is comprised of half hour sessions led by members of the English department (including ex-members Mrs Bath – CEO of the Bishop Bewick Trust and Mrs Howell – Headteacher of Sacred Heart High School), plus occasional guest speakers.

SENIOR LitSoc

This invite-only club runs from the January of Year 12 to the December of Year 13. It is led by Mr Spraggon, former Head of English and all-around English whizz, whose role is to introduce and facilitate reading and debate across a range of texts from the Literary Canon, which are outside of the A Level Literature syllabus. The group meets monthly, having pre-read a text (all the texts are gifted to the students as part of being in the society), and one student is responsible for leading the session, whilst all students are pushed to debate and offer alternate viewpoints. It was established to prepare students for Oxbridge interviews but has developed over the years to just generally encourage debate and allow students to find their voices: an essential skill for any Higher Education institute.

Club/Staff	Year Group	Day/Time	Location	Start Date
Junior LitSoc Mrs Perry	(Year 11 invitation only)	Monday Lunchtime	Meeting Room	September 2024

SIXTH FORM

Club/Staff	Year Group	Day/Time	Location	Start Date
After School Fitness Club	Sixth Form	Monday – Thursday evenings	Fitness Room	September 2024

STUDY CLUB

Study Club is an after-school club where students of all ages can come and work on homework or catch-up studies with the help of teachers in our Library area from 3.30 – 4.30pm Monday to Friday.

Study Club is particularly useful to those students starting to revise for their GCSE exams as it provides another opportunity to revisit the work done in class. All Core subjects are represented throughout the week.

Study Club has at least 3 teachers each evening. The table below gives a flavour of the subject specialists available, but all staff are there to support students with homework/tasks across all subject areas.

Monday	Tuesday	Wednesday	Thursday	Friday
Psychology	Geography	Study Support	Physics	Geography
Science	Physics		Social Science	Chemistry
Maths	English		Spanish	Biology
French	RS		RS	RS
History	Gov & Pol			
Business
